SEED GROWERS AND WHOLESALE MERCHANTS

Nos. 47 to 54 North Market Street

BOSTON, MASS.

## Wholesale Trade List.

The unfavorable weather which prevailed in some of the seed growing districts of this country and Europe during the growing and harvesting seasons of 1905 has again caused very short crops of many important families of garden seeds.

Beans, Melons, Eastern Grown Onion, Dwarf Wrinkled Peas, etc., are especially scarce and will be difficult to obtain long before the end of the planting season of 1906. The prices we now quote on these as well as on other goods herein listed are low and we trust will prove sufficiently attractive to cause you to place your order with us at once.

### TERMS OF SALE.

**VEGETABLE AND FLOWER SEEDS.**—Net cash, June 1. A discount of 1 % per month for unexpired time allowed for cash.

**FIELD PEAS, GRAINS, GRASS, BIRD and other MISCELLANEOUS SEEDS AND ONION SETS.**—Net cash 30 days, without any discount whatever. All bills not paid at maturity are subject to sight draft.

Remittances must be made direct to our Boston office.

The prices named are F.O.B., Boston, and are subject to change without notice. We do not bind ourselves to quantity. Orders will be filled at lowest prices the market warrants at date of shipment. Firm quotations made when desired.

All claims for shortage, errors or overcharge, must be made within five days after receipt of goods.

All orders received are subject to our approval and will be accepted only on condition that we shall not be held liable for damages for failure to execute the same, through fire, flood, strikes or any other cause beyond our control.

**NOTICE.**—While we exercise the greatest care to have all **Seeds, Plants, Bulbs and Nursery Stock** of the best kind, we do not give, and our agents and employees are forbidden to give any warranty, expressed or implied. If you do not accept these goods on these terms, you must return them at once, and all payments therefor will be refunded.

JOSEPH BRECK & SONS, (CORPORATION.)

The Telegraphic Cipher attached to each variety, if used in connection with the code for quantities, will enable customers to wire us orders at small expense. Prefix the word, **Freight, Express or Mail**, to designate the manner of shipment desired. The code word for quantities must always precede the words for seeds, although if the same quantity of several varieties is wanted, the quantity word need only be placed before the word for the first article ordered. For example, "Freight Quapode, Bandy, Baker, Bantam, Quonopsy, Brabast, Capture, Clabrate," means, "Send immediately by first freight ten bushels each Horticultural, Yellow Six Weeks and Low's Champion Dwarf Beans, also five pounds each Arlington Early Turnip Blood Beet, All Season's Cabbage, and early Half Long Scarlet Carentan Carrot." "Express Quapepsy, Brew," means, "Send immediately by express fifty pounds Breck's Mammoth Long Red Mangel Wurzel." "Mail Quanomias, Chemic," means, "Send by first mail post paid, two pounds Premium Late Flat Dutch Cabbage."

**NOTE.**—Code used in this list is adopted by the American Seed Trade Association.

**OLD HOMESTEAD POP CORN.**

Lovers of pop corn will appreciate the Old Homestead brand of White Rice Pop Corn. No shelling, no dirt, no insects, no disappointment. It is one year old before being packed, thus ensuring good popping qualities. We clean this corn by a new process that frees it from dust, dirt, insects and other impurities. All the corn we pack is especially grown for us in New England, is cured in the old-fashioned way; consequently is not only clean, but is free from mixed and flinty kernels which do not pop. For Corn Balls, Candied Pop Corn, and Nuggets, the Old Homestead will be found superior.

Put up in 24 and 36 lb. packages.

**BRECK'S STANDARD LAWN GRASS SEED.**

We supply Breck's Standard Lawn Grass Seed either in bulk or put up in 1-qt. cartons, 2, 4 and 8-qt. green bags. *Each package contains Booklet, "The Lawn," which tells how to make and care for a lawn.*

We have given much thought and made many experiments in order to ascertain just what is the best mixture for permanent lawns, and the grasses which are best suited to this climate. By the proper blending of the varieties which constitute Breck's Lawn Grass, we have obtained a mixture that from early spring to late fall will give to lawns made with it that rich, deep green so often admired upon the lawns and parks of England, but so seldom seen in this country. Sow at the rate of four bush. per acre.

Per bush., \$3.25. 10 bushels, per bush., \$3.00. Per case of 32 one-qt. pkgs., \$3.50.

**BOSTON PARK LAWN GRASS.**

The same mixture as supplied by us to the City of Boston Park Commissioners, for sowing on the parks administered by them. *Sow at the rate of sixty-four lbs. per acre.*

Per lb., 20 cents. Per bush. of 32 lbs., \$6.00

**BRECK'S "SHADY PLOT" LAWN GRASS.**

This is a mixture of grasses that are naturally adapted for growing under trees and in places where the sun does not find ready entrance. Per bush. \$3.25.

**BRECK'S BANK AND TERRACE GRASS MIXTURE.**

A mixture of deep-rooting grasses specially prepared for embankments and situations where it is impractical to get a successful catch of the less-spreading rooted sorts. Per bush., \$3.25.

**PRESTWICK GOLF GRASSES.**

A series of mixtures modified as experience warrants for our needs, that we are sure surpass any hitherto offered in the United States.

No. 1. For Putting Greens. Sow at the rate of eighty lbs. per acre. Per lb. 13 cents.

No. 2. For Courses, light and dry soils. Sow at the rate of fifty lbs. per acre. Per lb. 11c.

No. 3. For Courses, low and damp soils. Sow at the rate of fifty lbs. per acre. Per lb. 8c.

- Fungiroid, or Dry Bordeaux Mixture.** 1 lb., 12 cents; 5 lbs., 60 cents.
- Fungiroid and Paris Green Compound.** 1-lb. box, 16 cents; 3-lb. box, 45 cents.
- Hellebore, Breck's Pure Powdered.** We furnish a guaranteed pure article, ground from fresh roots. Each package has special directions for its effective use. Packed in three sizes, air-tight packages. 10-cent size, per case of 3 doz., \$1.80; 15-cent size, per case of 2 doz., \$2.00; 25-cent size, per case of 1 doz., \$1.80; in bulk, per lb., 12 cents.
- Kerosene Emulsion.** (A paste.) 1-lb. cans, per doz. \$1.55; 5-lb. cans, per doz., \$6.40; 25-lb. pails, each, \$2.25; 300-lb. barrel, per lb., 7 cents. Ready for use by simply adding water.
- London Purple.**  $\frac{1}{2}$ -lb., per lb. 15 $\frac{1}{2}$  cents; 1-lb., per lb., 15 cents.
- Lemon Oil.** 1-pt. bottle, per doz., \$4.75; 1-qt. bottle, per doz., \$7.25; 1 gallon, each, \$2.00.
- "Nico Fume"** is packed in special friction-top tins and is sold as follows: 24 sheets, 75c; 144 sheets, \$3.50; 288 sheets, \$6.50.
- Nicotinic Fumigating Compound.** 1 pt., for 32,000 cubic feet, \$2.20;  $\frac{1}{2}$  pt., for 16,000 cubic feet, \$1.10;  $\frac{1}{4}$  pt., for 8,000 cubic feet, 60 cents.
- Fumigators, for Vaporizing.** Stand, pan and lamp, 50 cents each.
- Nikoteen, a Liquid Insecticide.** Per case of ten 1-pt. bottles, \$15.00.
- Oil of Tar.** Qts., per doz., \$2.25;  $\frac{1}{2}$  gal., per doz., \$4.50. 1 gal., per doz., \$9.00.
- Paris Green, Guaranteed Pure.** Price on application.
- Quassaine** (A paste.) 1-lb. cans, per doz., \$2.70; 5-lb. cans, per doz., \$13.50.
- Slug Shot.** 5-lb. and 10-lb. pkgs., in barrels, per lb. 4 cents; in bulk, barrels about 165 lbs., per lb., 3 $\frac{1}{2}$  cents.
- Soap, Pinner's Tobacco.** In 1-lb. and  $\frac{1}{2}$ -lb. pkgs., per lb., 30 cents.
- Soap, Whale Oil.** 1-lb. boxes, per doz., \$1.20; 2 $\frac{1}{2}$ -lb. boxes, per doz., \$2.25; in bulk (container extra), per lb., 6 cents.
- Soap, Sulpho-Tobacco. Rose's Perfected.**  $\frac{1}{2}$ -lb. tins, per doz., \$2.00.
- Spanish Pink.** Per lb., 25 cents.
- Sulphate of Copper.** (Blue stone). In casks of about 500 lbs., per lb., 6 cents. Less than casks, per lb., 7 cents.
- Sulphur, Flowers of.** In kegs of about 50 lbs., per lb., 4 cents.
- Tobacco Extract, Rose-Leaf Brand.** Pt. cans, per doz., \$2.50; qt. cans, per doz., \$4.25; 1-gal. cans, per gal., \$1.00; 5-gal. cans, per gal., 80 cents.
- Tobacco Dust.** The kind that burns, for fumigating. In bbls. of about 180 lbs., per 100 lbs., \$3.00; for dusting, in barrels of about 180 lbs., per 100 lbs., \$3.00.
- Tobacco Stems.** For fumigating. Per bale, \$1.50; per sack of about 40 lbs., 80 cents.
- Tree Tanglefoot.** 25 cents per lb. in 1-lb., 2-lb., 3-lb., 5-lb., 10-lb., 25-lb. and 50-lb. tins less a discount of 20 per cent.
- XL-All Liquid Insecticide.** Pt. bottles, per doz., \$6.00; qt. bottles, per doz., \$9.50
- XL-All Vaporizing Compound.** It is cheaper, results considered, than any other vaporizing compound, and there is no other like it. No. 1 size bottle, each \$5.50; No. 2 size bottle, each, \$2.85; No. 3 size bottle, each \$1.45; No. 4 size bottle, each 80 cents.
- Fumigators.** Lamp for vaporizing, large, 80 cents; medium, 70 cents.
- Victor Fly Driver.** The best preparation for the purpose made. 1-gal. cans, per case of 1 doz., \$5.40.

## TOUGH ON FLIES.

This is the original preparation for the purpose of preventing insects attacking horses, cattle, and other domestic animals. We have sold it for *ten years*, each year with largely increased sales. We confidently recommend it, as experience has proved it to be as represented in every particular.

1-qt. cans . . .	per doz., \$4.30	2-qt. cans . . .	per doz., \$8.70

All fertilizing materials NET, F.O.B. BOSTON.

We have a high grade of this valuable fertilizer specially prepared for us. 100-lb. bag, per ton, \$27.00.

**Breck's Hygienic Brand Chick Food.** A scientifically proportioned mixture which *will meet every demand of the growing chick, and supply, without excess of fat, the food necessary to produce and sustain vigorous health.* There is nothing in this preparation that is at all likely to induce indigestion or diarrhoea, but on the contrary, it is so balanced in its constituents as to in a large measure make these troubles impossible where cleanliness and proper brooding conditions exist. It also contains the bone-forming properties that prevent leg weakness. It is high in protein, the flesh and muscle-forming elements. There is sufficient ash or mineral materials to fully supply the needs of the bone structure of the rapidly growing chicks, while it is low in carbohydrate, the fat-forming element, which, where in excess, causes sickness and loss. *No other feed is necessary for the first eight or ten weeks. Feed dry.* 50-lb. bags, \$41.00 per ton; 100-lb. bags, \$40.00 per ton.

**Breck's Complete Poultry Feed.** We have frequently been asked by many of our patrons to put up in a convenient form a complete Poultry Feed. In response to the above requests, after a great many experiments, we offer in *Breck's Complete Poultry Feed* what we believe is the best food for poultry that is on the market today.

Great care has been exercised in the selection and balancing of the materials of which it is composed. It is being used in large quantities by many of the most successful Poultry Raisers in New England, and is without a doubt the best Food of the kind sold at the present time. *Feed dry.* 50-lb. bags, \$35.00 per ton; 100-lb. bags, \$34.00 per ton.

**Breck's Poultry and Swine Meal.** *This is the original German "Thieren Mehl," or meal made from meat and animal matter.* It is superior to the many imitations that have been put on the market since we introduced it; and is the most complete animal food for poultry obtainable. It is concentrated, pure, palatable, and produces satisfactory results when fed according to directions. We offered it first to the American public in 1892, but it has since that time, through merit, found its way into the yards of the most progressive poultrymen in the country. A reasonable trial will convince you that it is the *best meat or animal matter meal on the market.* Trial bag (a month's supply for thirty hens) \$38.00 per ton; 50-lb. bags, \$34.00 per ton; 100-lb. bags, \$33.00 per ton.

**Breck's Banner Brands Cut Clover and Clover Meal.** Eggs in winter, when prices are high, is the aim of every poultry keeper. Failure to procure them is generally caused by lack of proper conditions in housing and a shortage of the materials from which the hens make eggs. Warm, clean houses, with good ventilation but no drafts, sufficient food which contains the ingredients of the egg, and also furnishing heat and repairing daily tissue waste are required, but the food must be so balanced that there is no great excess of either heat or fat producing constituents, otherwise success will not be met with. Cut Clover or Clover meal is an essential part of the ration because they act as a tonic and contain albuminoids, in an easily digested and assimilated form, for the production of the white and yolk as well as lime for the shell. The nitrogen, sulphur, phosphates, magnesia, soda, potash and carbon in clover, when the clover is of the best sorts, cut at the right time, cured and prepared in the correct way, gives results in health and production that are unattainable when clover does not form a part of the ration. But aside from the fact of its value as a food we must bear in mind that there is as much difference in the quality of clovers as there is in wheat and corn. Recognizing the difficulty in obtaining a first-class article we were led to investigate the whole subject and as a result learned that a mixture of clovers gives better results than the Red Clover hitherto offered. Therefore, we have had grown, on suitable soil, especially for our own trade, a large acreage of Clover. We offer Breck's Banner Brands Cut Clover and Clover Meal preparations feeling assured that they are *superior to any green feed on the market.* We exercise care to have the several crops cut at the proper stage of growth and under rather than overcured. We feel sure our many poultry keeper friends will appreciate the excellence of these clover preparations and see when buying that spurious brands or inferior grades or not substituted. A reasonable trial only is necessary to demonstrate their superiority. When buying be sure to ask for and get only Breck's Banner Brand Cut Clover and Clover meal. Every bag is branded. \$30.00.

**Breck's Eureka Egg Food.** This preparation stands without a rival, as hundreds of those who have used it testify. It aids digestion, prevents and cures many diseases common to fowls, and although the best food known to produce eggs, it does not destroy the fertility of the egg. 1 lb. boxes, per dozen, \$2.00; 2½ lb. boxes, per doz., \$4.00; 6 lb. boxes, per doz., \$8.00; 10 lb. boxes, per doz., \$12.00; 25 lb. kegs, each, \$2.25.

**Breck's Hub Poultry Fountain.** This fountain is made of the best galvanized iron, is very strong, easily cleaned, quickly filled, and is equally serviceable for both chickens and adult fowls. For practicability, durability and convenience this fountain is vastly superior to all others. It does not require the attention that is necessary when shallow dishes are used. Dampness is fatal to chicks and often causes roup, therefore it is important to have a supply of water in vessels that can be drank from freely but which do not allow the fowls to get wet. ½ gal size, per doz., \$4.25; 1 gal. size, per doz., \$6.00; 2 gal. size, per doz., \$9.00.

## WE ARE NEW ENGLAND AGENTS FOR

**Midland Poultry Food.** When these foods were first offered us we were somewhat sceptical regarding their value because of the many new and unusual claims made for them. We told the manufacturers to prove their faith in their own goods by making us a shipment for test. This they gladly did, and we sent out fifty bags to as many poultry keepers, with the result that we were soon in receipt of orders from all of them for more Midland Poultry Food. Thus assured of the merit of the goods we felt encouraged to buy in carloads, and we are glad to state that we find an ever increasing sale. Almost without exception a trial of the food has resulted in continued and larger orders. These preparations are different from anything hitherto offered.

Ten years ago Dr. Petros F. Nishkian, one of the best organic chemists in this country, who for thirteen years filled the position of analytical and organic chemist to the Armour Packing Co., began the study of this question with a determination to solve it. His duties were largely in the analysis of animal products and vegetable and grain foods, and their economic adaptation to specific uses.

After an exhaustive study and analysis of all the sources of supply and a physiological study of the fowl, accompanied with a practical application of various combinations of the different food constituents, he finally arrived at what has proven itself to be a *perfectly balanced ration*—a correct working basis—and an absolute nutritive ratio for each specific purpose.

Practical poultry men were called in to assist in carrying out the work, and theory and practice made to conform. The results of this labor are now before you in the specific food we offer.

Our aim has been to ascertain the exact proportions of proteids, carbo-hydrates and fats absolutely necessary over and above the normal requirements in order to obtain specific results. The ratio so determined is called a *balanced ration*.

<b>Dwarf mixed.</b> Per lb. 50 cts. . . . .		.45

**SEEDS IN BOXES.**

We put up in beautifully lithographed envelopes, and pack in neat boxes, seeds of the leading kinds of vegetables and flowers. The vegetable seeds are *put up by weight and each package contains about four times as much seed as is usually found in the commissioned box packages.* The packages of flower seeds are also more than double the usual size. The quality in every instance is the same as we sell at retail over our counters, and we believe planters will be fully satisfied with results.

<b>Box Vegetable Seeds,</b> containing 200 packages . . . . .	\$5.00
“ <b>Flower</b> “ “ 150 “ . . . . .	2.25

We do not send these goods out to be sold on commission.

We carry a complete assortment of the best kinds of

**FLOWER SEEDS****BULBS****and PLANTS.**

And will be glad to quote prices on request.

**CONSULT OUR RETAIL CATALOGUE FOR DESCRIPTIONS, ETC.,  
OF GOODS HEREIN LISTED.**

# BRECK'S REAL ESTATE AGENCY

51 and 52 North Market St., Boston

OUR establishment of **BRECK'S REAL ESTATE AGENCY** early in 1905, was suggested by the numerous calls we had from customers and friends for suburban homes, farms, etc. This seemed to come naturally in our line, therefore we gave this branch of our business very careful attention and are more than pleased with the results.

**BRECK'S REAL ESTATE AGENCY** will be conducted on the same liberal policy as we have heretofore exercised in our other departments.

Persons wishing to buy, sell, lease or mortgage their properties, or those having money to loan on real estate, are invited to call or communicate with us.

Those wishing to sell, lease or mortgage their properties will be supplied with blank forms, that a complete description may be filed with us. Persons desiring to purchase or lease realty will also be supplied with proper blanks, that they may readily give us an idea of what is wanted.

The commission charged for the transaction of any business will be the same as that established by the Boston Real Estate Exchange, of which we are members.

Very respectfully,

*Infant Breck's*  
(CORPORATION.)
